Evaluation and verification of learning outcomes

The course is evaluated according to the Kirkpatrick model: using *level 1 evaluation (based on participants' satisfaction with the course)*. *Evaluation feed-back* is given in the level 1 evaluation on the residential modules. In order to complete the course, participants have to accomplish all learning objectives, which are evaluated based on their active contribution to the residential modules, including their group working sessions and practical activities as well as on their completion of the eLearning phases: course participants must finish the autonomous knowledge units (AKUs) and pass the tests (*mandatory*), scoring at least 80% in the incorporated test/quiz.

However, no formal verification of the learning outcomes is foreseen; proposed ECTS is based on participants' workload only.

The Executive Academic Board takes these factors into account when considering the award of *Certificates* to participants. Module leaders provide an evaluation report for each residential module. The Course Director is responsible for overall coordination, with the support of the ESDC Secretariat, and drafts the *final evaluation report* which is presented to the Executive Academic Board.

Main topic and content

The course encompasses four residential modules, each of which lasts one week and will focus on specific strategic aspects of the CFSP/CSDP. All residential modules are preceded by a mandatory eLearning phase which provides course participants with the necessary theoretical background to actively participate in the residential phase. The time between the residential modules should allow a proper learning process using the eLearning platform ILIAS: all course participants have to prepare for each residential module by completing the relevant eLearning module.

			SQF-MILOF Level 2 Focus; POL CIV-MIL

<u>Aim</u>
<p>The aim of the 1st module of the CSDP High Level Course (HLC) is to provide a general overview of the CFSP/CSDP and related EU policies and concepts. It offers an opportunity to all course participants to attain a similar level of knowledge and understanding of the EU and the main subjects of the CFSP/CSDP, how the EU institutions work and the role they play in the CFSP/CSDP.</p> <p>The module focuses on the CSDP in the overall context of the CFSP. It will cover, inter alia, the relevant articles in the TEU, the EU Global Strategy and subsequent Council conclusions on its implementation, EU policy shaping, decision-making and inter-institutional cooperation in general. The module is designed to deepen understanding of how the EU institutions work and interact and what role they play in the CFSP/CSDP, to provide an insight into recent EU strategic-level documents and policies and to broaden understanding of EU decision-making processes at the political/strategic level and external action. It familiarises participants with the EU Institutions, the EEAS and relevant EU Agencies as well as other organisations/structures located in Brussels.</p>

Learning outcomes	
Knowledge	LO1. list the main strategic CSDP issues currently on the table of the Political and Security Committee (PSC); LO2. outline the structure and priorities of the EUGS; as they are described in the EU Strategic Compass LO3. identify a number of long term objectives of the CFSP/CSDP; LO4. identify the roles and competences of the European Council, the Council of EU, the European Commission, EU Agencies and the European Parliament regarding foreign affairs, security and defence issues; LO5. describe the EU strategic political-military decision-making process in emerging or lasting crises; LO6. summarize the essence of the integrated approach; LO7. compare the relations the EU develops with the UN and with NATO; LO8. describe the priorities and functioning of the European Neighbourhood Policy (ENP); LO9. describe the interlinkages between CSDP and the Area of Freedom, Security and Justice;
Skills	LO10. critique the different views on the future of European defence; LO11. discuss the tools, methods, challenges and achievements of EU crisis management; LO12. propose elements of a future EU grand strategy; LO13. observe the public's perception of the EU's foreign policy; LO14. prepare StratCom suggestions to improve the EU's image with the public;
Responsibility and Autonomy	LO15. value the achievements obtained in the areas of CFSP/CSDP over the last decades; LO16. assess the strengths and weaknesses of current features of the CSDP as well as development; LO17. encourage initiatives to improve the implementation of CFSP/CSDP objectives.

Evaluation of learning

The module is evaluated according to the Kirkpatrick model: *course evaluation based on participants' satisfaction with the course and assessment of participants' learning progress*. The module is preceded by a mandatory eLearning phase which provides course participants with the necessary theoretical background to actively participate in the residential phase. Passing the tests during the eLearning preparatory phase is mandatory: participants must score at least 80% in the out-test/quiz incorporated within the module.

No formal verification of learning outcomes is foreseen. The proposed ECTS is based on participants' workload only.

Course structure

The residential module is held over five days (one week), and gives an overview of the CFSP/CSDP and the related EU policies and concepts and focuses on the foundations of the CFSP/CSDP [preparatory eLearning phase], the CSDP structures and strategic level decision-making and the EUGS implementation.

Main topic	Suggested working hours (required for individual learning)	Suggested content
1.CSDP state of play	4	1.1. Overview of the current situation in CSDP.
2.Global Strategy for the European Union's Foreign and Security Policy (EUGS) and its implementation based on the EU Strategic Compass	10 (3)	2.1. The structure and content of the EUGS; 2.2. Implementation of the EUGS and subsequent Council conclusions. 2.3 Overview the actions of the EU Strategic Compass
3. The CSDP and the EU leadership structure (Council, EEAS, Commission, Parliament)	14 (3)	3.1. The roles and structures of different EU Institutions and relevant Agencies in relation to CFSP/CSDP; 3.2. Critical discussion of respective roles and responsibilities.
4. Crisis Management	12 (6)	4.1. EU strategic level decision-making process in crisis management; 4.2. Crisis management concepts, tools and instruments; 4.3. Integrated Approach to Crisis Management.

			SQF-MILOF Level 2 Focus; POL CIV-MIL

<u>Aim</u>
The 2 nd module of the CSDP High Level Course focuses on the rationale and challenges of the development of military and civilian crisis management capabilities. The module is designed to provide an insight into EU crisis management concepts, processes and tools, to update and broaden understanding of crisis management capabilities. In addition, it provides an insight into efforts to create synergies between civilian and military capabilities, the implementation of the Civilian CSDP Compact as well as into issues relating to European armament cooperation and procurement. It offers an opportunity to enhance understanding of major programmes conducted in an EU (European Commission and EDA) or multilateral framework. The module also provides an insight into a number of EU regional policies.

Learning outcomes	
Knowledge	LO1. describe the military and civilian capability development processes, demonstrate an understanding of the relevant normative documents relating to crisis management and summarise the major actors' roles in the provision of military and civilian capabilities; LO2. describe the influence of the EDAP and EDF on research and development and/or capability development; LO3. explain the importance of human resources in civilian and military capability development process;
Skills	LO4. develop the potential for the further engagement of related EU Institutions and Agencies (e.g. European Commission, EDA, EU SatCen, FRONTEX) and partners in EU capability development; LO5. consider the value of inter-institutional coordination and international cooperation with state and non-state actors in the context of crisis management;
Responsibility and Autonomy	LO6. assess the challenges relating to Permanent Structured Cooperation (PESCO), the Coordinated Annual Review on Defence (CARD) and the European Defence Fund (EDF) as well as to the Civilian CSDP Compact; LO7. assess the implications and impact of Capacity Building in support of Security and Development (CBSD), European Defence Action Plan (EDAP), European Development Fund (EDF); LO8. assess the European approach to capability development (including that of exploring potential civilian-military synergies); LO9. assess the European civilian and military capabilities, including those of dialogue and mediation, available in support of the EU's comprehensive approach; LO10. respect intercultural differences; LO11. analyse the benefit of the European Defence Technological and Industrial Base (EDTIB) in national capability development for EU purposes; LO12. analyse the state of affairs of European armament cooperation, including economic and technological aspects.

<u>Aim</u>
<p>The aim of the 3rd module of the CSDP High Level Course is to provide a comprehensive overview of the EU's engagement in support of the CFSP including the planning and force generation processes for CSDP missions and operations, from both a conceptual and a practical perspective. The module also provides an insight into a number of EU regional policies and aims to increase awareness of the EU's and MS strategic relevance in the current security environment (i.e. <i>maritime dimension of the CSDP, migration security nexus, strategic communication, energy security, protection of critical infrastructure</i>).</p>

Learning outcomes	
Knowledge	LO1. explain/describe the CSDP planning mechanism at the strategic/operational level in order to cope with the challenges of dealing with security uncertainties; LO2. describe the process of drafting the core planning documents; LO3. outline the command and control options for CSDP missions and operations; LO4. review CSDP missions and operations (mandates, challenges and risks, achievements, lessons learnt and the way forward); LO5. provide an insight into relevant national and regional policies for participation in CSDP missions and operations; LO6. outline the effects of horizontal issues on the conduct of CSDP missions and operations, in particular human rights, gender issues, protection of civilians, irregular migration, terrorism and transnational crime, <i>cyber security/defence</i> .
Skills	LO7. consider the value of inter-institutional coordination and cooperation between various stakeholders/actors (state and non-state) involved in the planning and implementation of CSDP missions and operations; LO8. assess the outcome (monitoring and evaluation) of a CSDP mission or operation and the implementation of the lessons learnt and best practices; LO9. acknowledge the importance of cross-cultural competencies for participation in CSDP missions and operations (especially in regions and contexts where national, ethnic and religious identities matter).
Responsibility and Autonomy	LO10. analyse the inter-dependencies between the EU decision-making processes in the context of planning mechanisms for missions and operations; LO11. judge the EU's operational engagement in various regional areas in relation to the EU's strategic objectives; LO12. analyse the effectiveness of a regional comprehensive approach to crisis management; LO13. analyse the role of freedom, security and justice in a crisis management scenario; LO14. analyse to what extent the EU's operational engagement supports the achievement of its policy objectives (relevance of the current missions and operations); LO15. analyse civil/military coordination in the implementation of CSDP missions and operations (incl. roles, interdependences); LO16. examine challenges and opportunities for the EU Integrated Approach in the regional context (also: recognise the role of the EU Global Strategy for the CFSP in the context of CSDP missions and operations, in a regional context).

Evaluation of learning

The module is evaluated according to the Kirkpatrick model: *course evaluation based on participants' satisfaction with the course and assessment of participants' learning progress*. The module is preceded by a mandatory eLearning phase which provides participants with the necessary theoretical background to actively participate in the residential phase. Passing the tests during the eLearning preparatory phase is mandatory: participants must score at least 80% in the out-test/quiz incorporated within the module.

No formal verification of learning outcomes is foreseen. The proposed ECTS is based on participants' workload only.

Course structure

The residential module is held over five days (one week) and focuses on the planning processes for the CSDP missions and operations, as well as on the regional approach to security in Europe and beyond.

Main topic	Suggested working hours (required for individual learning)	Suggested content
1. The planning process for CSDP missions and operations – an integrated approach	16 (6)	1.1. Structures, planning documents, procedure and force generation; 1.2. <u>Aim</u>
<p>The 4th module of the CSDP High Level Course provides a comprehensive review of the current state of play, progress made and further evolution of the CSDP in the context of EU external action. In this respect, cross-fertilisation with other actors involved in the EU external action will be considered. A special emphasis will be placed on the analysis of the future prospects in EU foreign, security and defence policy as well as the impact of horizontal aspects on the CSDP's implementation. Participants have an opportunity to enrol in a practical strategic-level exercise on EU crisis management planning and decision-making on a political and strategic level.</p>

Learning outcomes	
Knowledge	LO1. outline the implications of horizontal issues, and evolving security challenges in particular strategic communication and hybrid threats, security dimension of migration, energy security, climate security, artificial intelligence and disaster relief, with a specific focus on the operational engagement in a relevant neighbourhood of the EU;
Skills	LO2. apply the decision-making process during a scenario-based exercise, take ownership of the content of the course as a whole and integrate and take on board the values of the course; LO3. take into account horizontal aspects of the implementation of the CSDP;
Responsibility and Autonomy	LO4. analyse to what extent the EU's operational engagement supports the achievement of its foreign, security and defence policy objectives (relevance of the current missions and operations); LO5. analyse evolving trends to identify their influences on the future of the CSDP.
