

**Invitation to the  
Sectoral Qualification Framework for the Military Officer Profession  
(SQF-MILOF)  
Familiarisation Course  
(Training Activity Number 22-23/65/1)**

Taking place in Brasov, Romania, 20-22 Sep 2022

"Henri Coandă" Air Force Academy (AFAHC) has the honour to organise under the aegis of the European Security and Defence College (ESDC) the *Sectoral Qualifications Framework for the Military Officer Profession (SQF-MILOF) Familiarization Course*, from 20 to 22 September in Brasov.

Through the recent formal validation of the SQF-MILOF Package, the Member States (MS) found the SQF-MILOF very useful and appreciated it as a good opportunity to contribute to the transparency of qualifications and help improve the interoperability of military officers across the European Union's armed forces. Moreover, most MS acknowledged that the SQF-MILOF should be popularised, and that its successful implementation requires broader interaction between several national stakeholders.

In this vein, the proposed course aims to familiarize competent personnel from the EU Member States and Institutions with the SQF-MILOF Package by discussing the implications of implementations roadmaps at national level and providing basic skills required to level selected national military qualifications to SQF-MILOF and to the Core Curriculum for Military Officers (MILOF-CORE).

We are therefore very pleased to invite you to nominate appropriate candidates to this ESDC training activity. For further information, please refer to the administrative instructions in the annex.
