

Edward M. Kennedy Institute for Conflict Intervention

Invitation to ESDC course *Strategic Communication in the Context of Security and Defence*

Bucharest, 24–26 September 2024

(Training activity number 24-25/53/1)

The National College of Home Affairs (CNAI) within ‘Alexandru Ioan Cuza’ Police Academy/Ministry of Internal Affairs (Romania) and the College of Communication and Public Relations from the National University of Political Studies and Public Administration (SNSPA), under the auspices of the European Security and Defence College (ESDC), have the pleasure to announce the course ‘*Strategic Communication in the Context of Security and Defence*’ which will take place in Bucharest between 24 and 26 September 2024.

This ESDC training is organised jointly with the support of the ‘Edward M. Kennedy’ Institute for Conflict Intervention from the National University of Ireland Maynooth and the National Defence College (CNAp) within the National Defence University. This course aims to address some key interventions under the Global Strategy of Foreign and Security Policy for the European Union. Moreover, the course will shed light on the role played by strategic communication in a rapidly changing landscape, shaped by intensive digitalisation, the emergence of innovative technologies, the proliferation of online disinformation, and the ever-eroding trust in public institutions. The activity will use an integrated approach to European strategic communication during crises and will have a civil-military perspective.

Participants will have the opportunity to network as well as share views and perspectives with one another and with professionals in the field of peace, security and defence, while gaining insight into the Common Security and Defence Policy (CSDP). The ESDC is committed to an inclusive, gender-sensitive and discrimination-free environment. Only in an inclusive environment can all people, and therefore the ESDC and its partners, realise their true potential. We therefore particularly encourage those applicants who are likely to be underrepresented to apply.

We would like to invite you to nominate participants for the **Strategic Communication in Security and Defence Context** course, which offers an excellent opportunity to contribute to the achieving of the ultimate goal of the ESDC: *providing Member States and EU institutions with knowledgeable personnel, able to work in CSDP related fields.*
