

INVITATION

Integrated Border Management (IBM) in CSDP Course

(Training activity number 25-26/72/1)

The Hellenic Multinational Peace Support Operations Training Center (MPSOTC), under the auspices of the European Security and Defence College (ESDC), has the pleasure and the honour of inviting you to the **Integrated Border Management (IBM) in CSDP** course, to be held in Kilkis, Greece, from 20 to 24 October 2025.

This course aims to prepare military/law-enforcement officers and civil servants from EU institutions and relevant agencies and Member States (MS), to become acquainted with the IBM concept and its implementation within both CSDP missions and EU-MS national level. This course will offer the trainees an excellent opportunity to gain an insight into the various implications of this issue and contribute to the ultimate goal of the course - providing MS and EU institutions with knowledgeable personnel, able to promote intra/inter agency cooperation.

The Course consists of an e-learning part, as well as a residential session. Participants will have the opportunity to network, share views and different perspectives among them, and discuss with various distinguished experts.

The ESDC is committed to an inclusive, gender-sensitive and discrimination-free environment. Only in a comprehensive environment can all people, and hence the ESDC and its partners, realise their true potential. For that reason, we particularly encourage those applicants who are likely to be underrepresented to apply.

We cordially invite you to nominate participants for the Integrated Border Management in CSDP Course!

Fergal O' Regan
*Acting Head of the European Security
and Defence College*

Col (GRC A) Dimitrios Karatzas
MPSOTC Commander
