

Invitation to the Pre-deployment Training for CSDP Missions and Operations

Brussels, 6th to 10th February 2023

The Crisis Management Centre Finland (CMC) and the European Security and Defence College (ESDC) are jointly organising a Pre-deployment Training for CSDP Missions and Operations (PDT) from Monday, 6th to Friday, 10th of February 2023 in Brussels.

The PDT is exclusively aimed for personnel already recruited to be deployed to a CSDP mission/operation.

According to the "EU Policy on Training for CSDP" appropriate training is a mandatory prerequisite prior to deployment to ensure that personnel are adequately prepared so that they can integrate into mission life and be operational as soon as possible upon deployment.

The PDT course enhances participants overall understanding of CSDP missions' functioning principles, provide an insight into the latest policies, instruments and tools available to fulfil the mandate, depict the mission environment and provide a sense of common EU identity and purpose. The PDT provides as well a unique opportunity to meet your respective mission/operation Points of Contact (PoCs), network with deploying colleagues and to get a feel of Brussels Headquarters.

Please note that the PDT complements national preparatory generic and specific training activities and does not substitute national preparatory training which remains in the hands of respective Member State.

We therefore take great pleasure in inviting you to nominate participants for this course, which is an excellent opportunity to gain a deeper understanding of the CSDP and to be better prepared for the upcoming assignment in our different CSDP missions and operations.

Director, CMC Finland
