## Invitation to the Mission Medical Security Course (MedSec)

5-10 May 2025, Stockholm, Sweden

*(Activity Number 24-25/PILOT/15)*

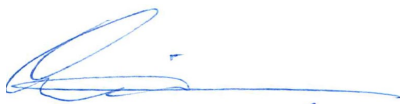

The Swedish Civil Contingencies Agency (MSB) and the European Security and Defence College (ESDC) are jointly organising the Mission Medical Security Course (MedSec) from Monday 5 May to Saturday 10 May 2025 in Sweden.

The aim of the course is to provide security and duty of care personnel with knowledge, skills and ability required to prevent and respond to life-threatening emergencies in a safe, secure, timely and effective manner. This will expand the ability to act as first responder in a medical emergency.

***The MedSec Course is aimed at personnel selected for, or already working for, a CSDP mission/operation. Upon availability of seats, the course is open for other candidates of Member States.***

The ESDC is committed to an inclusive, gender-sensitive and discrimination-free environment. Only in an inclusive environment can all people –and, hence the ESDC and its partners– realise their true potential. We therefore strongly encourage applicants who are more likely to be underrepresented to apply.

It is a great pleasure to invite you to nominate participants for this course, which is an excellent opportunity to enhance the capacity to meet the future challenges and be better prepared for the upcoming assignment in our different CSDP missions and operations.
