

**Austrian Federal Ministry of Defence  
and the Austrian Centre for Peace  
under the aegis of the EUROPEAN SECURITY AND DEFENCE COLLEGE**

**Invitation to the  
Course on Comprehensive Protection of Civilians  
(24-25/30/3)**

Stadtschlaining, from 18 to 22 November 2024  
hosted by the Austrian Federal Ministry of Defence,  
the Austrian Centre for Peace and the European Security and Defence College

The Austrian Federal Ministry of Defence, the Austrian Centre for Peace (ACP) under the aegis of the European Security and Defence College (ESDC) have the honour of co-organising the Course on Comprehensive Protection of Civilians, to be held in Stadtschlaining from 18 to 22 November 2024.

International legal frameworks call upon the international community and parties in conflicts to implement far-reaching measures to protect and support civilian populations in situations of armed conflict. The content of this course reflects a broad interpretation of protection, which goes beyond the provision of protection from physical violence, but also includes the creation of larger protective environments and the implementation of activities that enhance the rights of individuals in accordance with international humanitarian law, human rights, and refugee law. The five-day course prepares senior decision-makers from the armed forces, police, political bodies, and non-governmental organisations, as well as individual civilian experts involved in peacekeeping and/or international crisis management at the operational level for the challenges of protecting civilian populations in contexts of armed conflict or post-conflict situations. They will gain enhanced knowledge of actors and their roles and responsibilities related to the subject matter and will subsequently be able to analyse the specific threats, needs and rights of different vulnerable groups of civilians to develop and implement context-sensitive, comprehensive, integrated strategies and measures to improve the situation of civilians in armed conflicts.

The course was developed in close cooperation between the Federal Ministry of Defence and the Austrian Centre for Peace and has furthermore been supported by the Federal Chancellery of the Republic of Austria, the Federal Ministry of Europe, Integration and Foreign Affairs and the Federal Ministry of Interior. It confirms Austria's continuous effort to promote the protection of civilians in armed conflicts. Since 2014, the course has been part of the academic programme of the European Security and Defence College (ESDC) and has furthermore been certified by the Integrated Training Service of the United Nations Department for Peace Operations.

We would be pleased if you could nominate suitable candidates for this training activity, which offers them an excellent opportunity to gain an insight into protection of civilians policies in the international context and CSDP and contribute to achieving the ultimate goal of the course, namely providing Member States and EU institutions with knowledgeable personnel, able to work in CSDP-related fields. The ESDC is committed to ensuring an inclusive, gender-sensitive and discrimination-free environment. Only in an inclusive environment can all people, and therefore the ESDC and its partners, realise their true potential. We therefore particularly encourage those applicants who are likely to be under-represented to apply.

Please find attached details concerning the registration process and a tentative programme.  
The course (residential formula) will be open to third countries and international organisations.
