

European Security and Defence College **Alumni Association (ASBL)**

The 10th Anniversary of the European Security and Defence College in 2015 also marked the creation of the ESDC Alumni Association. The objective of the association is to create and maintain a network of CSDP-knowledgeable professionals who have attended training activities organised by the ESDC.

The association aims at developing a network of ESDC ex-alumni, a group of professionals working in many different domains across Europe, sharing a common interest for EU security and defence. We want to promote the role of CSDP within the European integration process and its strength both in furthering the concept of European defence and in placing the EU at the forefront of global efforts to promote peace and stability.

The Association, in close relationship with the European Security and Defence College, intends to bring together these different profiles by organising debates, conferences and activities which will contribute to promoting the development of the CSDP. It will also contribute to the creation and deepening of links between European security and defence institutions.

*We encourage you to join today this project by dropping us a message to **alumniesdc@gmail.com** with your current contact details, we will be glad to inform you in further detail of the future perspectives of the ESDC Alumni Association. This is a new, young and open project and we would be very pleased if we could count on you to bring it forward.*
